Pull-out Shelves: These allow for easy access to the back of your cabinet without reaching over other pots and pans. **Adhesive Hooks or Racks:** These can be attached to the inside of your cabinet door for additional storage space. **Labels:** Consider labeling your pots and pans to make it easier to find what you need quickly.

Should you put a container under your bed?

'Ideally, you want underneath the bed empty so that "chi" (life force) can circulate while you're sleeping and your body is in its repair and recalibration mode,' says Amanda Gibby Peters. However, it really depends on how much space you have. Labeled containers under the bed can be a great bit of small bedroom storage.

How do you store a pot & pan with a lid?

Many pots and pans come with lids, and it's not always the best idea to store the two pieces together. Organize lids in a cabinet or drawer with the help of a cabinet lid rack. Try to find space near the range so you can easily grab the right one while you're cooking. An over-cabinet lid holder can also help take advantage of behind-the-door space.

How do you store a room under a bed?

It's a good idea to purchase -- or repurpose or build -- storage items that fit properly under the bed, rather than simply sliding bins or boxes beneath. If the room is prone to dust, consider lidded containers; if you want frequent access to your items, choose storage solutions with wheels or add your own casters. Ready to get started?

Should you put storage under a bed?

'In smaller homes or homes without adequate storage, using the space under the bed provides additional options,' says Lisa Mark, a certified professional organizer at The Time Butler in Los Altos, Calif.
