

Can WeChat be linked to the Fangwang network

Does WeChat work in China?

WeChat is accessible via your mobile's data network as well as on Wi-Fi so you can connect with anyone around the world. It's up to you! If you register as a user of WeChat with a non-mainland China phone number you'll be using the international version of Weixin which is known as WeChat.

How popular is WeChat in China?

The popularity of Tencent in China rivals that of Amazon and Meta in the West. In addition to its 1.2 billion WeChat users, Tencent has its own music app with 604 million monthly active users. The annual revenue of WeChat was US\$17.49 billion. No longer is WeChat just a basic chatting app.

Why should you learn to navigate WeChat in China?

Learning to navigate WeChat can make your stay in China much more convenient, as it's used for everything from keeping in touch with local friends to paying for meals at restaurants. Similarly, Baidu can come in handy for local search queries, while Youku can be a source of Chinese entertainment content.

Can a foreign credit card be linked to WeChat & Weixin?

Recent news is that now it's also possible to link foreign credit cards like Visa and Mastercard to WeChat and Weixin. Generally, you can pay with your Visa or Mastercard, and withdraw cash from an ATM in most countries where Visa/Mastercards are accepted, including China. And now Wise debit card can be added to WeChat wallet.

Can I use WeChat with a non-mainland phone number?

It's up to you! If you register as a user of WeChat with a non-mainland China phone number you'll be using the international version of Weixin which is known as WeChat. If you register with a China mainland phone you can register as a Weixin user with the immediate benefits of Tencent's payment and transaction facilities.

How many WeChat users does Tencent have?

Tencent's WeChat active accounts have been increasing steadily. By end of June 2023, WeChat's multi-functional media platform had over 1.3 billion monthly active users. Is WeChat commonly used in China? Practically everyone in China uses WeChat, with over 1 Billion regular monthly users, as well as an ever-growing number of international users.
