The Challenger trunk is large and the carpet slick. I'm leaning towards mounting large medium height plastic bin to the floor with some sort of quick release. in this box I'll put the ice chest along with couple smaller Rubbermaid boxes keep the ice chest secure. The smaller boxes hold my camera equipment, etc. What have you all done.

@Schulz1983 they are a bit different though: they offer you two levels of storage (with a removable insert bin) and looks like a cutout on the one side for a fire extinguisher. I'm not saying it's better or worse than the Tesla-branded bins, just different. (Note: I don't use either, and we like having the side bins open for the odd small loose item(s).)

Can-Am Maverick R 2024+ Introducing a weatherproof trunk box crafted from impact-resistant injected polypropylene strengthened with glass fiber. With a generous storage capacity of 96 L and a weight limit of 15 kg, it's a versatile choice. Simple installation and removal are made possible by the LinQ system, including stock mounted LinQ anchors.

I've heard hints about being able to remove the trunk on an Ultra Classic and need to confirm that because that will change up my options quite a bit. (I found out that it's possible with a a little work) If I picked up a Road King I was going to get a fairing and radio as well as a tour pack.. but don't want to "reinvent the wheel";
