What happens if a lock comes with a locker?

If the lock came with your locker, then the school owns the lock, and you can find yourself in some real trouble tampering with school property--not to mention, it just isn't the right thing to do. It's always easier to just ask your school for the combination.

Why can't I open a locker door?

If the lock is built into the locker, you'll now be able to open the door. If the lock doesn't open, try the following: Rotate the dial a couple more numbers to the right (clockwise). The gates in these cheap locks are not always aligned correctly. Clear the lock and try entering the numbers again.

How do you open a locker if it won't open?

Pull the lock open and out of the hole, or pull the latch or handle, if there is one. Otherwise, tug on the knob to open the locker. If your locker just won't open, try it again with the last number being five before or after your "official" last number. Sometimes the older locks get, the shakier they get in their requirements or abilities.

How do I open a locker door?

Once you've entered your last digit, pull down on the lock body to open the lock. If the lock is built into the locker, you'll now be able to open the door. If the lock doesn't open, try the following: Rotate the dial a couple more numbers to the right (clockwise). The gates in these cheap locks are not always aligned correctly.

How do you open a school locker?

See Step 1 to begin learning how to open 99% of all standard school lockers. (Note: some locks may open differently) Spin the dial at least three times to the right (clockwise), all the way around. This clears the lock of any previous numbers. If at any point in putting in your combination you mess up, do this again to start over.

How do I reset my locker?

When you are done with your locker, you need to make sure that you lock it correctly--simply closing the lock is not enough. Once you close the lock, give the dial a couple of turns clockwise to clear the gates and reset the lock.
