What are smart lockers for schools?

Our smart lockers for schools automate and optimize your storage capacity. With smart lockers, storing personal belongings becomes easy and hassle-free - with simple access via student IDs or smartphones. So, no more forgetting keys, codes or which locker is assigned. Students can even charge their phones and tablets in their lockers via USB.

How secure are school lockers?

These lockers have advanced security features, such as biometric authentication or digital access codes, ensuring students' belongings' safety. Students can securely store their backpacks, books, and personal items during the school day, reducing the risk of theft or misplacement.

What is a smart locker system?

Our innovative and future-proof smart locker system for schools and universities is designed to be easy to use for both students and facility managers. It means you can reduce time spent on management, increase staff productivity and decrease administrative costs - while at the same time improving the student experience.

Can smart lockers revolutionise education?

The applications of smart lockers have demonstrated their significant potential in revolutionising various aspects of educational institutions. From personal lockers in school locker rooms to library management, gym facilities, science labs, exam administration, and asset tracking, smart lockers offer many benefits.

What are the benefits of a student locker?

Management: Administrators can easily reassign student lockers and monitor usage through a centralised system. **Audit Trails:** These lockers can maintain a log of access times and users, providing an added layer of security. Smart parcel lockers are designed to facilitate the secure delivery and pick-up of packages within educational institutions.

What are the benefits of smart lockers?

From personal lockers in school locker rooms to library management, gym facilities, science labs, exam administration, and asset tracking, smart lockers offer many benefits. Smart lockers optimise time management for staff and students, providing quick and convenient access to belongings.
