

Five-year warranty for photovoltaic inverters

Does a solar inverter have a warranty?

Labor and shipping expenses are generally not included in solar inverter warranties, but some of the strongest brands will cover one or both of these costs. Based on our ranking system, Hoymiles, SolarEdge, Tigo, SMA, and Enphase have the strongest warranties. What is a solar inverter? Inverters are the unsung heroes of solar energy systems.

How long is the warranty on a Solis solar inverter?

Solis 5yr Warranty Extension, total of 10yrs including the standard 5-year warranty for the 0.7, 1.0, 1.5, 2.0, 2.5, 3.0 & 3.6kW Solis Solar Inverters.

How long do inverter warranties last?

Inverter warranties vary by manufacturer and inverter type. String inverters typically come with 10-12 years of warranty coverage, whereas microinverters and power optimizers are often covered for 25 years.

Which solar inverter has the strongest warranty?

Based on our ranking system, Hoymiles, SolarEdge, Tigo, SMA, and Enphase have the strongest warranties. What is a solar inverter? Inverters are the unsung heroes of solar energy systems. Without them, you wouldn't be able to harness the power of your solar panels to power your home.

Do home inverters qualify for a 5-year warranty?

Only home inverters qualify for the extra 5-year of factory warranty. However, we recommend you registering your SMA product: you will access your inverter warranty information anytime and other valuable information to get the most out of your system. Registering your product takes less than 3 minutes.

Do solar panels have a warranty?

The batteries do have limited warranties but as there are no moving parts involved not a lot can go wrong, if there are any inherent manufacturing problems with a cell or unit this will most likely come to your attention well inside the warranty period. Inverters are the single most expensive component to replace in your solar panel system.
