

Haier 265 photovoltaic panel

Are Haier inverters IP65 safe?

With an IP65 protection rating, all inverters within the range are suitable for installation both indoors and outdoors. High-voltage Haier inverters include advanced controllers to optimise power output, improve performance in shaded areas, and ensure reliability.

What is a high-voltage Haier inverter?

High-voltage Haier inverters include advanced controllers to optimise power output, improve performance in shaded areas, and ensure reliability. Advanced inverter models support complex layouts and easy scalability, accommodating diverse roof orientations and configurations.

Why should you choose Haier solar?

Experience a seamless solar solution, offering a unified solar platform tailored to both residential and commercial needs. Haier delivers panels, batteries and inverters from a single supplier, removing the need for multiple partners, warranties and customer care contacts.

What can Nahul do for Haier?

NAHUI will contribute to the existing Haier Group product range by offering a fully connected suite of, solar inverters, residential and commercial storage solution, ev chargers and solar modules.

Is Haier a good brand?

As one of the world's largest brands, Haier provides a comprehensive range of commercial and residential solar products, air conditioning, water heating, and appliances, all designed for an integrated, connected system.
