

How many years of warranty for Qianma photovoltaic panels

How long is a solar panel warranty?

Solar panel warranties vary depending on the manufacturer, but in the solar industry, a 10-year product warranty and a 25-year performance warranty are typically considered the minimum standard. However, some manufacturers provide a 25-year product warranty and extend the performance warranty to 30 years. How Much Does a Solar Panel Warranty Cost?

What makes a good solar panel performance warranty?

An ideal solar panel performance warranty should include the following conditions: Certain solar manufacturers may even guarantee a degradation rate as low as 0.25% per year, coupled with a performance warranty period of up to 30 years.

How long does a solar panel's power warranty last?

Most solar panel power warranties nowadays offer linear degradation, meaning a 0.7% output loss per year. However, some manufacturers like SunPower offer a much higher output guarantee after 25 years. In the past, power warranties were stepped, guaranteeing 90% output after 10 years and 80% output after 25 years.

How long do solar panels last?

Workmanship and materials warranty of one or two years. Batteries (non-grid systems / hybrids) roughly 5-15 years. Inverter (s) warranty of between 5-10 years. There are many factors that must be borne in mind when considering warranties for your solar panel system.

How do I get a solar panel warranty?

Generally, the most robust warranties are obtained by hiring installation companies certified by the solar brands they represent. Alternatively, long warranties can also be secured from solar manufacturers that provide their own installation services. What Is Not Covered by a Solar Panel Warranty?

What is a power warranty for solar panels?

A power warranty for solar panels states the expected output of a panel after certain periods of time (eg 5 years, 10 years, 20 years). All solar panels are affected by gradual degradation in efficiency, so the output will decrease. If the panels do not perform as promised, you may be able to get them replaced or repaired - but some power warranties do not cover defects.
