

List of leading stocks in wind power generation and energy storage

Are wind stocks a good investment?

Wind stocks benefit from many of the advantages wind energy has over other types of energy sources. Wind energy is a rapidly growing area of the alternative energy industry, and accounted for more than 10% of U.S. energy production in 2022.

What are the top wind energy stocks in 2023?

Wind energy produced 10% of U.S. power in 2023. Top wind energy stocks include NextEra, GE Vernova, and Vestas. ETFs like First Trust Global Wind Energy provide diversified exposure to the wind energy sector. Key findings are powered by ChatGPT and based solely off the content from this article. Findings are reviewed by our editorial team.

What makes a 'wind stock'?

As with many alternative energy investments, there's no bright lines to what makes a "wind stock" as opposed to a company that does other things and merely dabbles in this area. Consider General Electric (GE), which is undoubtedly a big player in the wind sector, as its onshore wind segment generates billions each year.

Is Northland Power a good wind energy stock?

Northland Power also trades over-the-counter (OTC) in the U.S. under the ticker NPIFF. These are the top wind energy stocks as ranked by a growth model that scores companies based on a 50/50 weighting of their most recent quarterly YOY percentage revenue growth and their most recent quarterly YOY earnings-per-share (EPS) growth.

How many wind energy stocks does ETF hold?

As of mid-2024, it held more than 55 wind energy stocks. Of note, its top 10 holdings included Vestas Wind Systems, Siemens Energy, and NextEra Energy. The ETF has a heavy concentration of foreign-listed wind energy stocks; Denmark-listed wind stocks made up the largest country share of its portfolio, at almost 17%.

Is GE a wind stock?

While those revenue numbers are larger than the entire operations of a few stocks on this list and the stock is incredibly liquid and widely held, the reality is that wind is not a significant driver of GE's success as a corporate entity. In other words, while stocks like GE may be more prominent or easy to trade, they are not truly "wind stocks."

As a pioneer and leader in wind power generation, Orsted is the most prominent wind stock for investors looking for exposure to the sector. 2. Vestas Wind Systems ...
