How do you wire a GFS humbucker?

Pickup Wiring Guide When wiring to existing pickups- If in-between position is too thin y u are out-of-phase. Just reverse the + and ground leads on the GFS pickup without disturbin the silver shield. On Tele Bridge pickups the baseplate ground lead mu t also be reversed. GFS Humbuckers may also be wired using Seymour

How do I wire a 2 pickup Ibanez?

The usual 2 pickup Ibanez wiring I've seen people want is as follows. For this you'll need a Cortek 3PS1SC5 switch. It'll say 2502N on it. This is a special switch designed specificaly for this wiring so standard import 5 way blades won't do this as the way the switch reacts is a lot less predictable.

How do I order a custom wiring diagram?

To order a custom diagram, select the number of pickups on your instrument below and complete the diagram order form. Wiring diagrams for PMT Sonic Expansion Controls. General wiring modifications for all guitars & basses. Humbucker wire color codes & coil polarity for most pickup brands.

Which Fender rg7321/rg1527 pickup?

Take the Fender showmaster. It has a set of seymour duncan pickups. 5 way blade. Same settings. The neck pickup on it if i remember correctly the magnet is flipped so anyone who wanted to do that wiring or sticking to Ibanez the RG7321, RG1527 and so forth would need to flip the pickups magnet.

What is a gray wire on a pickup Jack?

The gray wire is for grounding the pole pieces. In an installation with a buffered preamp (Audere) where the common out on the pickup needs to be separate from the system ground the gray wire will be ultimately connected to the sleeve on the jack.
