

Power grid workers blind date group WeChat

What are WeChat groups?

In the realm of social media, WeChat has established itself as more than just a messaging app. This Chinese multi-purpose platform has an enormous user base, boasting over a billion active users. One of its standout features is WeChat Groups -- chat groups where members can connect, share, and engage in various activities.

How many people live near WeChat?

Usually, WeChat would show you nearly ~40-50 people living within a ~20km distance. The users seen in the "nearby list" are those who have enabled WeChat nearby function on their phone, and hence are supposedly available for a social text interactions or beyond.

Does WeChat have a nearby feature?

MeiMei Dance Hall - Suzhou China Holidays, Bar, Club, Nightlife & Travel Attractions. Well, WeChat, the most popular messaging App in China, has a nearby feature/function. The feature allows users to connect with the people (often strangers) located in a close proximity.

Should you accept random WeChat friends?

In all my time of accepting random friend requests on WeChat (and I do so out of sheer curiosity), I can honestly say none of them have led to any kind of meaningful conversation, friendship, or a date. Here are a few points to think about before you add a stranger from a random WeChat group.

Should you add a stranger from a random WeChat group?

Here are a few points to think about before you add a stranger from a random WeChat group. You have no reputation to fall back on, no friend to recommend you, no non-verbal cues for him/her to pick up on as they would have if you approached them in a bar or a coffee shop.

How does WeChat impact everyday life in China?

It's impossible to overstate the impact WeChat has on everyday life in China. It's hard to imagine going an entire day without using it. You can't avoid it, even if you want to. In a just few years, WeChat has grown from one of several similar messaging apps into the most dominant mobile app in China.
