

Red tile roof photovoltaic bracket

What types of roof hooks are compatible with solar panels?

1. Compatible with various types of photovoltaic solar panels. 2. A diverse range of roof hooks cater to different tile roofs, including but not limited to ceramic, Spanish, flat (carp), slate, and roofing sheet tiles. 3. Custom-designed tile hooks tailored to specific tile specifications.

Can I install a PV system on a tiled roof?

Both systems are available as top-fix and side-fix. In short: the mounting of the rail system on the tiled roof can be done from above as well as from the side. But no matter which of our pitched roof mounting systems for installing a PV system on a tiled or plain tile roof you choose: all systems are particularly easy and efficient to install.

What is a Ric tile roof hook?

MCS 012 Approved product. ERIC-TILE plain tile roof hook allows for simple solar panel installations on plain/rosemary tiled roofs. No cutting, no sealants and no leaks. Helps prevent tile breakages whilst allowing installers to stand on the mounting rail.

What is Eric tile roof hook?

ERIC-TILE plain tile roof hook allows for simple solar panel installations on plain/rosemary tiled roofs. No cutting, no sealants and no leaks. Helps prevent tile breakages whilst allowing installer's to stand on the mounting rail. Manufactured using high quality materials, with the polypropylene plate's working temperature of - 40c to 120c.

Can Eric tiles replace a broken roof?

With the Eric Tile this was not an issue as the way you have designed the fixing bracket to sit on the tile and take the weight is a very clever idea, also as the Eric Tile is a direct replacement of a tile, we had plenty of spares to replace tiles on the roof that were already broken.

Safe and secure rail fixing brackets for plain tiled roofs. This bracket can also be used for slates depending on the roof structure. These are put in place using our stainless steel fixing screws, complete with 2 screws for every bracket used. ...
