Why has BNEF withdrawn a list of solar panel manufacturers?

As of the first quarter of 2024, the list of solar panel manufacturers meeting BNEF's Tier 1 criteria has been released. Surprisingly, compared to the previous round, over 40% of PV module manufacturers have temporarily withdrawn. The reason for this is that BNEF has revised the rules, significantly raising the entry threshold.

How much does a solar PV installation cost per kilowatt?

The mean average cost per kilowatt of a small solar PV installation (0-4kW) is above £2,000 for the first time since these records began in 2013/14. Prices for larger solar installations (4-10kW) increased even more dramatically - by 31% since 2021/22.
