What is a solar generator?

...A Solar generator is of course a generator powered by solar power. These portable generators are powered by capturing energy power from the sun storing that power in a battery to be used mainly as a back-up. Popular uses are when camping, on boats at home and in the garden.

Do solar generators need 240V power?

Fast AC and solar charging. Setting up the 240V system is expensive. Not expandable. Only one 240V outlet. Solar generators sold in the US produce 120V AC power, which is what American appliances run on. But some appliances need 220-240V power to run better and more efficiently.

How long does a Delta 2 Max solar generator last?

5-year warranty: 5 years for DELTA 2 Max, 24 months for 220W Solar Panel. EcoFlow DELTA 2 Max Solar Generator is a must-have for any home that puts power security & comfort first. Ensure you're prepared with the power station made for almost any situation your family could find themselves in. All while staying green.
