The Space Worm is one of the monster weapons in Solar Smash. This worm randomly curls and turns from behind the camera of the player to the planet until it eats into it where the player clicked or tapped. It eats into the planet deep ...

The Black Hole is one of the Spacial Type Weapons in Solar Smash. When spawned, it enlarges itself and

Solar support mobile game

then removes all voxels within about twice the Blackhole's visible radius. It then shrinks and disappears. Using multiple at ...

The Ancient Remnants is one of the Factions appearing only in Solar Smash 2D, with a couple of exceptions. The Ancients are artificial beings that were created by a long-lost civilization. They were programmed to serve and protect their masters and have been carrying out their duties for thousands of years after the disappearance of their creators. These machines are responsible ...

Solar is a legendary element which is generally based off of the sun/stars. It has long/medium range attacks. Just like most Legendary Elements and Mythical Elements, it has an aura. The user creates a star in the sky which will fall and hit the ground after 1 second. It is extremely hard to dodge unless you are using an aura, or teleport move. The user creates 4 beams of solar ...

Solar support mobile game

Planet Smash Destruction is a casual game in which you wield cosmic power to create and destroy planets. You can try out different weapons, design custom planetary systems, and release black holes. With easy-to-use controls, it suits both beginners and seasoned players. Unleash your creativity and discover the wonders of space in this captivating physics simulator.

The Drill is one of the alien technology weapons in Solar Smash, despite being in the energy weapons (i.e. kinetic movement) category of the game. The Drill does what a player would expect (namely, drill into the planet). It drills continuously towards the core of the planet and comes out of the opposite side. It works very effectively when used on the Machine World's shield or Player ...

Galaxy Smash is one of the game modes in Solar Smash that was added in the 2.4.0 update. It includes a few galaxies, Weapons, and multiple customization tools. The Milky Way in Galaxy Smash represents our home galaxy, a vast ...

Unleash the power of the cosmos and embark on an epic journey of creative destruction with Solar Smash, the ultimate physics-based sandbox simulation game! ? Simulate the Universe: Harness the forces of nature and become a cosmic architect as you explore the boundless expanse of space. Craft and customize your own planetary systems, from the tiniest ...

The Lightsaber is one of the laser-based weapons in Solar Smash. Officially called the laser sword, but also called the lightsaber by the developers. It cuts the planet by removing ("scratching" away) voxels. It can be controlled through the targeting buttons to cut a straight horizontal line through the planet, possibly even in half. However, when in aim mode, when fired at a shield ...

The Polygon Angel is one of the monster weapons in Solar Smash. The Polygon Angel looks like two purple

Solar support mobile game

and pink galaxy colored triangles when it is not attacking. When it is attacking, the Polygon Angel splits to many triangles of its color. When it is summoned, it stands in its state for 1-20 seconds, depending on how far it is to the planet. It then goes to its "laser form." It turns ...

Solar Smash is an addictive game that allows you to create and destroy planets using a variety of weapons. Realistic physics and the ability to create your own planetary systems make the game interesting for fans of space and physics simulators.

Ringworld is a Habitable and Artificial World located within the Alpha Centauri System that requires Level 5 to Unlock. It is shaped-like a halo, but with the Inner area being a Habitable landscape with a few city lights and multiple clouds. ...

The Wormhole is one of the spacial weapons in Solar Smash only found in System Smash. Wormholes in System Smash can teleport planets. However, Gravity Generators and other alien ships will explode when in contact with similarly large objects or disappear when flying into them with no exit; a singular wormhole only makes objects simply vanish from the grid (planets or ...
