

SunRain Energy Storage System

Who owns sunrain solar energy?

A joint venture between Arcon-Sunmark A/S and the world's largest collector manufacturer Jiangsu Sunrain Solar Energy was established in 2016 . The Austrian based company GREENoneTEC GmbH, the world's leading FPC manufacturer ,has been majority-owned by the Chinese Haier Group since 2017 .

Is sunrain a Chinese company?

Sunrain, a world recognized brand of Solareast Group, is a listed energy enterprise in China, stock code 603366. As an energy solution provider, Sunrain can provide customers with energy solution and one-stop service experience in various civil and commercial scenarios.

Who is sunrain solar water heater manufacturer?

SUNRAIN is a professional leader Chinasolar water heater, heat pump, solar collector manufacturer with high quality and reasonable price. Welcome to contact us.

Are sunrain evacuated tube solar collectors a good choice?

SunRain Evacuated Tube Solar Collectors are the most cost-effective collectors on the market, they offer the best performance at the best price - THE BEST VALUE AVAILABLE!

Why should you choose sunrain?

At the same time, Sunrain uses her excellent technical advantages and production capacity to supply quality and certified products including solar water heater, photovoltaic panel, LFP battery, heat pump and so on.

How does a sunrain manifold work?

SunRain developed a manifold to house heat pipes with larger bulbs to increase the rate of heat exchange from the vacuum tube to the heating fluid. The heat pipe which sits inside of the evacuated tube, wrapped with an aluminum heat sink, quickly absorbs all of the heat within the tube and concentrates it at the bulb.
