Solar panels are made of photovoltaic cells that convert sunlight to direct current electricity (DC electricity). As long as the sun ray"s are making contact with your roof, your panels are converting solar radiation into DC electricity.

A solar panel service will set you back around £100, but it will also prevent any possible future issues for your solar panel system, and hopefully, lead to 30 long years of solar-soaking panels. Cleaning your solar panels will also help avoid issues, and if you don"t want to do this yourself, solar panel cleaning costs £100-£150.
