

# Trina Photovoltaic Panel 6

Is Trina Solar a good solar company?

As one of the leading solar photovoltaic manufacturers in the world, Trina Solar delivers a smart, industry leading solution for year energy needs. Ranked as one of the world's most bankable solar manufacturers by Bloomberg New Energy Finance, Trina Solar is the manufacturer you want for your solar panels.

Who is Trina Solar?

Founded in 1997, Trina Solar is the world's leading total solution provider for solar energy. With local presence around the globe, Trina Solar is able to provide exceptional service to each customer in each market and deliver our innovative, reliable products with the backing of Trina as a strong, bankable brand.

What voltages can Trina Solar modules operate at?

Trina Solar modules are certified for operating in Application Class A installations at voltages below 1000V DC (For TSM-PE05A, PE14A, below 1500V DC).

Why should you choose Trina Solar panels for your home?

There are plenty of great reasons to choose Trina solar panels for your home, not least the fact that their range of financing options ensures that installing solar is affordable for you.

Which Trina Solar modules are best for rooftop PV applications?

Quadmaxis available with black frame. These modules from Trina Solar offer the best performance in rooftop PV applications. The advanced PERC and 5 busbar technology helped Honey M Plus products to set the output world record of 335.2Wp for a 60-cell module in 2014.

Where are Trina Solar panels sold?

Its products have power outputs ranging from 170W to 290W. Sales and marketing offices cover Asia, Europe and North-America, and its products are sold in all major PV markets worldwide, such as Germany, Italy, USA, France, and Japan. Why choose Trina Solar Panels for your UK home?
