

Where is the JA Solar panel manufacturer

Where is JA Solar based?

PHOENIX, AZ (January 10, 2023) -- JA Solar, a global solar cell and module manufacturing leader, announced today it has leased space for its first manufacturing facility in the U.S. in Phoenix, Arizona. The new facility will produce high-performance photovoltaic (PV) products, and is expected to be operational by Q4 2023, creating over 600 new jobs.

Where can JA Solar products be used?

JA Solar products are available in 135 countries and regions and are used extensively in ground-mounted power plants, commercial & industrial rooftop PV systems and residential rooftop PV systems.

Will JA Solar manufacture solar panels in Phoenix?

"We are grateful JA Solar will manufacture its high-efficiency solar panels in Phoenix, enhancing Arizona's renewable energy industry." Once operational, JA Solar's Phoenix facility will be the largest manufacturing site of solar/PV products in Arizona with a capacity of 2 gigawatts.

What types of PV power plants does JA Solar offer?

At JA Solar we specialize in multi-form photovoltaic (PV) power plants, including conventional centralized PV power plants, Agri Voltaics, Floating Solar PV power plants, and other forms.

What is JA Solar Technology?

As a photovoltaic power generation solution platform, JA Solar Technology Co., Ltd. continues to advance its "One Body, Two Wings" strategy.

Are JA Solar solar panels TUV certified?

The DC cables used in JA Solar's household PV systems are TUV certified to EN50618:2014, with a voltage of 1,500 V, ensuring stable and reliable operation in harsh environments for 25 years.
